

Education

BTech, Computer Science and Engineering: Indian Institute of Technology Goa	CGPA: 8.60/10	2022 - PRESENT
Class 12, GSEB: Navkar Public School, Ahmedabad	Aggregate: 83 %	2021 – 2022
Class 10, GSEB, SKM School, Kodinar, Gujarat	Aggregate: 91%	2019 – 2020

Experience

Webanav | Full Stack Developer Intern [[CERTIFICATE](#)] [Mar'24 - Jun'24]

- Designed and implemented an Analytics Dashboard feature, enabling real-time progress updates for users by developing **REST APIs** and integrating them with frontend.
- Utilised **socket** technology to track user activity dynamically, extracting actionable data for analysis and report generation.
- Implemented image uploading functionality via **AWS S3** Bucket, ensuring seamless data management.
- Utilized **NextJS** and a diverse tech stack including React, Node.js, Express, **MySQL**, and **Prisma** for website development.
- Contributed effectively within a **5-member team** to deliver impactful products, demonstrating strong teamwork and collaboration skills.

Projects

TypeIT : A Typing Website [[WEBSITE](#)] : [Aug 2024]

- Developed a functional and interactive website for real-time typing tests.
- Implemented multiple features including a dedicated user dashboard, precise test analysis, real-time typing speed data, and various test time limits.
- Utilized **React JS** and Material UI for the user interface, **Node JS** and **Express** for server-side operations, **MySQL** for database management, and **Redux** for state management.

Entrepreneurship Cell Website [[WEBSITE](#)]: [Dec 2023]

- Revamped the **official website** of **E-Cell, IIT Goa** during my tenure as Web Development Lead.
- Built a responsive website using HTML, CSS and JavaScript.
- The website will be serving all operations of E-Cell including Entrepreneurial Magazine, Workshops etc.
- Used third party API to integrate excel sheet with HTML Form.

Single Digit Classification using Neural Networks [[GITHUB](#)]: [Sep 2024]

- Developed a neural network model from scratch for single-digit classification, implementing forward and backward propagation without using any external libraries.
- Achieved an accuracy of **83%** with *relu* activation function and **87%** with *tanh* activation function on the classification task.
- Learned core concepts and math behind working of neural networks.

Skills

Computer Skills: C/C++, Python, JavaScript, HTML, CSS, Node. JS, Express. JS, React JS, Redux, Next JS, MongoDB, AWS S3, LaTeX, Bash, Haskell

Relevant Coursework: Data Structures and Algorithms, Bash, Artificial Intelligence, Probability & Statistics, Discrete Mathematics, Digital System Design , Computer Networks, Computer Architecture

Positions of Responsibilities

- Student Internship Coordinator (CDC)** : Working as an IC for the CSE branch. [2024]
- Web Development Club Head** : Serving as a Club Head of Web/App Development Club of IIT Goa. [2024]
- Web Development Lead of Entrepreneurship Cell**: Created the official website of E-Cell. [2023]

Achievements

- Secured **3384** Rank in JEE **Advanced** 2022 among over 150,000 shortlisted candidates. [2022]
- Secured **2827** Rank in JEE **Mains** 2022. [2022]
